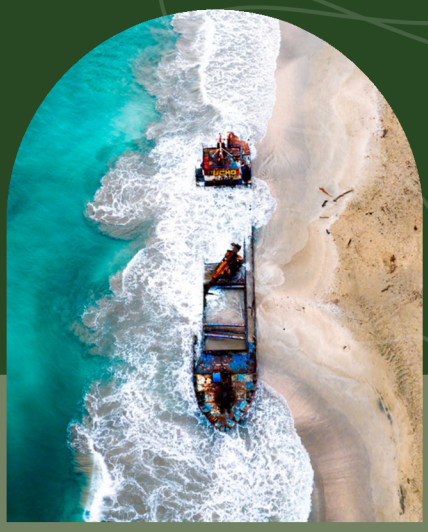
FEDE LIZANO

COSTA RICA PRINTS

TAKE A PART OF COSTA RICA'S ICONIC NATURE
WITH YOU WHEREVER YOU GO.



Welcome to Costa Rica Prints, a collection of art prints created through the lens of Federico Lizano. Each image is an invitation to connect with Costa Rica's living nature: its imposing volcanoes, paradisiacal beaches, and wildlife. This catalog seeks to capture not only landscapes but also emotions, printed with respect for the environment and love for our nature.

The perfect SOUVENIR

We offer fine art prints of Costa Rica's wildlife, volcanoes, beaches, and waterfalls, ready to frame on a roll. Each image is taken in the field, printed on high-quality paper, and packaged with compostable materials. The photographs are available in 8x12 and 24x16 inches*, ideal for travelers.

*Other sizes available upon request.

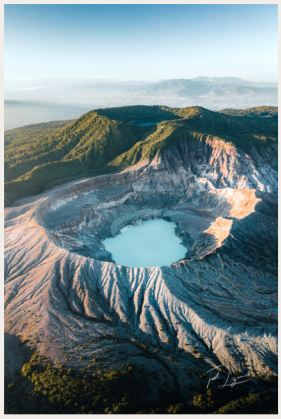
Majestic Volcanoes

Costa Rica is a land of volcanoes. These formations have shaped not only the landscape but also the country's history and biodiversity.

Arenal Volcano

Imposing and perfectly conical, Arenal is one of Costa Rica's most iconic volcanoes. Located in La Fortuna, its silhouette dominates the landscape and is synonymous with adventure, hot springs, and jungle. Although it has been dormant since 2010, it remains a vibrant symbol of the country's natural power.



Poás Volcano

Poás is located in the province of Alajuela and is notable for its main crater, one of the largest and most accessible in the world. Its acidic lagoon changes color depending on volcanic activity. It is a popular destination due to its proximity to the Central Valley and its impressive views from the viewing platform. Also available in horizontal and vertical orientation.

Turrialba Volcano

Turrialba, located in the province of Cartago, is one of the most active volcanoes in recent years. Its recent activity has included emissions of ash and gases. It's ideal for those seeking a more natural and less touristy experience, with trails that allow for close-up views of the crater.

Exotic Wildlife

Costa Rica concentrates nearly 5% of the planet's biodiversity in less than 0.03% of its surface area. This natural wealth is evident in every corner of the country: from the cloud forests to the Caribbean beaches, wildlife is a part of everyday life. This section showcases some of the most iconic animals, such as the sloth, the tree frog, the puma, and several bird species. Each photograph was taken in the field, respecting the environment, with the aim of sharing a piece of that direct experience with nature.

Impressive waterfalls

Waterfalls are one of the most striking expressions of Costa Rican geography. Amidst dense jungles or rural roads, these cascades form part of unique ecosystems and are popular destinations for both visitors and locals. This section presents some of the most representative waterfalls, captured in their natural setting, reflecting the energy, freshness, and beauty they offer.

Pristine Beaches

Costa Rica's beaches are a fundamental part of its tourism and natural identity. Stretching along the Caribbean and Pacific coasts, landscapes combine biodiversity, local culture, and ideal settings for relaxation or adventure. This section showcases beaches that stand out not only for their scenic beauty, but also for their ecological value and connection to communities that promote responsible tourism.

One photo, One Tree

Every purchase contributes to this effort

Costa Rica Prints was born with a commitment to caring for what inspires these images: nature and the communities that surround it. Therefore, a portion of the profits are donated to local environmental conservation and education projects in rural areas. We support initiatives that protect ecosystems, promote knowledge, and strengthen the bond between people and their environment. We believe that sharing the beauty of Costa Rica also means caring for it.

COSTA RICA PRINTS

TAKE A PART OF COSTA RICA'S ICONIC NATURE
WITH YOU WHEREVER YOU GO.

ORDER YOURS:

Each image in this catalog is more than a photograph: it's a real moment lived in contact with Costa Rican nature.

Through this collection, I seek to share the beauty, diversity, and depth of a country that deserves to be seen, valued, and protected.

By taking a photo, you're not only bringing art into your space, you're also supporting a purposeful project that seeks to bring the natural beauty of this beautiful country to every corner of the world and create a positive impact.
